Hoër Volkskool Potchefstroom
Final Average: 88%

BSc Information Technology (in Progress)

North-West University
2024 - Present (Final Year)
Current Average (Years 1-2) 98%

PROFESSIONAL SUMMARY

I am currently pursuing a Bachelor of Science in Information Technology at North-West University (NWU), where I have consistently demonstrated academic excellence. My interests lie in full-stack software development, database systems, data analytics, business intelligence, and decision support systems. I enjoy designing solutions that are scalable, efficient, and driven by data, with a strong focus on solving real-world problems through technology.

WORK EXPERIENCE

Inventory Management Systems Intern 26 March 2026– Present
Jericho Systems

Configuring and implementing an *InvenTree* (open-source inventory management system) instance, developing a comprehensive user manual, and providing technical support and training to employees. This role has strengthened my technical and analytical skills by requiring me to collaborate with management and workshop staff while gaining a practical understanding of procurement, manufacturing, inventory management, and business operations.

Electronics Technician Nov 2024 – Oct 2026
Jericho Systems (School Holidays)

Assisted with the assembly, trouble shooting and testing of electronic PCBs used in industrialized smart control systems. Worked on-site, where our team installed two smart pump controllers ensuring proper electrical wiring, safety compliance, and system connectivity.

Vacation Student 24-26 Nov 2025
RAiN Chartered Accountants Inc.

During RAINCATION, the vacation programme hosted by RAIN Chartered Accountants, I gained valuable experience by tackling a real-world business problem. We worked on a detailed case study that required us to analyze a company's performance, assess its risks, interpret financial data, refine and evaluate large datasets, and design clear data dashboards, all while providing practical recommendations for improving its operations and sustainability.

LEADERSHIP AND EXTRACURRICULAR

School Theatre (2020 – 2023)
School Council Representative (2023)
Villagers Men's Residence Academic Advisor (2025)
Villagers Community Service and Engagement Committee (2026)
Campus Theatre (2024 – 2026)
Project Tutor for CMPG213 (Systems Analysis) (2026)

CERTIFICATIONS

Advanced Mathematics	Security Operations Center in Practice
Final Average: 82%	IBM
November 2023
